Re: Case No UWI-W-15-02

Dear Ms. Jewell:

I am writing on behalf of United Water Idaho Inc., and the City of Boise to thank the Commission for its careful consideration of our Application and for the issuance of Order No. 33390.

Although it may be a formality, we thought you might like to have for your file an indication that the City of Boise and United Water have accepted the terms of Order No. 33390, and will commence implementing the Agreement for Replacement and Operation of Fire Hydrants according to its terms. You may take this letter as that indication.

A small note: Section 6 of the Agreement contemplated that it would be incorporated into a re-negotiated franchise agreement. As the sequence of events unfolded, that became impracticable, so the parties are amending the Agreement such that it will remain a stand-alone Agreement.

Very Truly Yours,

McDevitt & Miller LLP
